

Govt. College for Women, Shahzadpur, Ambala

Lesson Plan (Jan 2025 to May 2025)

Name of the Assistant/Associate Professor: **Dr Eena Gupta**

Class: **B.Com 2nd sem**

Subject: **MATHEMATICS**

Paper: **Business Mathematics-II**

February	
Week 2	Definition of differentiation, basic differentiation rules, derivatives of simple algebraic functions.
Week 3	Finding maxima and minima of revenue, cost, demand, production, and profit functions. Applications in business and commerce problems.
Week 4	Basic rules of integration, indefinite integration of simple functions, and understanding integration as the reverse process of differentiation.
March	
Week 1	Concept of definite integration and its application in business-related problems such as marginal cost and revenue calculations.
Week 2	Holi break
Week 3	Definition and expansion of the binomial theorem. Applications and simplifications using binomial coefficients. Basic principles of counting, factorial notation, concepts of permutation and combination, and their business-related applications.
Week 4	Understanding linear programming, formulation of linear programming problems (LPP).
April	
Week 1	Graphical representation of constraints, feasible region, optimal solution using the graphical method.
Week 2	Basic simplex method for solving linear programming problems. Interpretation of results in business applications.
Week 3	Application of LPP in areas like production, inventory management, and transportation problems.
Week 4	Case studies and real-world problem-solving sessions involving differentiation, integration, and LPP.
May	
Week 1	Complex problems related to arrangements and selections, probability applications in business.
Week 2	Using integration to determine total cost, consumer surplus, and producer surplus.
Week 3	Reviewing differentiation, integration, and linear programming with practical problems.
Week 4	Mid Term Exam, Doubt-clearing sessions, revision of formulas, and past question paper discussions.

Lesson Plan of Corporate Accounting-II (B23-COM-401)

Name of the Teacher: Ms. Shivani
Class: B.com-II
Session: Jan-June 2025
Internal Marks: 30

Subject: Corporate Accounting-II
Semester: IV
External Marks: 70

Course Objectives

- To acquaint the students with the concepts and methods of valuation of goodwill and shares
- To enable students to understand and prepare the accounts of holding companies and accounting treatment of liquidation of companies.

Course Outcome

At the end of the course, students will be able to:

- Understand the financial statements of holding and subsidiary companies as well as banking companies
- Understand and calculate the value of goodwill by various methods.

Lesson Plan from 08.02.2025 to 30.05.2025

Month	Tentative Dates	Topic
February	Week 2	Valuation of Shares: Concepts, need, factors affecting and methods of share valuation,
	Week 3	Valuation of goodwill: concepts, factors affecting and methods of goodwill valuation.
	Week 4	Practical Questions Test
March	Week 1	Debentures: Concepts, features and types, provisions related to issue of debentures, utilisation of debenture capital, role and status of debentures
	Week 2	Valuation of debentures: concept, need, factors affecting and methods of debenture valuation
	Week 3	Concept and accounting treatment of banking companies with illustrations
	Week 4	Concept and accounting treatment of banking companies with illustrations
April	Week 1	Concept and accounting treatment of insurance companies with illustrations
	Week 2	Concept and accounting treatment of insurance companies with illustrations
	Week 3	Accounting of holding companies: preparation of consolidated balance sheet with one subsidiary companies, relevant provisions of Accounting Standard-21 with illustrations
	Week 4	Accounting of holding companies: preparation of consolidated balance sheet with one subsidiary

		companies, relevant provisions of Accounting Standard-21 with illustrations Test
May	Week 1	Liquidation of companies: Concepts, need, types, process and accounting treatment with illustrations
	Week 2	Liquidation of companies: Concepts, need, types, process and accounting treatment with illustrations
	Week 3 & Week 4	Student Presentations

LESSON PLAN

LESSON PLAN

Subject : Principles of Marketing

Class : B. Com. IInd Semester (Feb to May 2025)

Name of Teacher : M.G. Nagar

Month	Topic
February	Marketing : Concept, Nature, Scope and Importance Evolution of Marketing
March	Understanding Marketing in new perspectives Marketing Environment Consumer Behaviour Market Segmentation Target Market Selection Positioning
April	Product : Concept, Importance and classification Branding, packaging and labeling P.L.C. New Product Development Pricing : Concept, significance, price determination, pricing methods, pricing policies and strategies Promotion: Nature and importance Advertising Personal Selling
May	Sales promotion and publicity/public relations Factors affecting promotion mix decisions Distribution : Concept, importance and types of distribution channel, factors affecting choice of distribution channel Retailing Wholesaling Overview of recent developments in marketing: Social marketing, Online Marketing, Direct Marketing, Green Marketing, Relationship Marketing REVISION

Lesson Plan of Computerized Accounting System (B23-COM-201)

Name of the Teacher: Ms. Shivani & Dr. Yogita

Class: B.Com-I

Session: Jan-June 2025

Internal Marks: 30 (20 Th+ 10 Pr)

Subject: ~~Company Law~~ Computerized Accounting system
Semester: II
External Marks: 70 (50 Th+ 20 Pr)

Course Objectives

- To be aware of basics and broad knowledge of computerized accounting and be familiar with accounting software.
- To provide better understanding to comply with tax regulations- GST, income tax etc.

Course Outcome

At the end of the course, students will be able to:

- Understand the concept of computerized accounting and be familiar with accounting software.
- Prepare financial statements in Tally.

Lesson Plan from 08.02.2025 to 31.05.2025

Month	Tentative Dates	Topic
February	Week 2	Computerized Accounting System: Concepts, Tally Prime, Installations of Tally Prime, licensing configuration, tally vault password: security control in tally prime, data backup and restore, export and import data, edit log feature in tally
	Week 3	Gateway of tally Company creation: setup features, accounting features, configuration, shutting and deleting a company
	Week 4	Ledger creation: creating single and multiple ledgers, altering, deleting and displaying ledger, invoicing, budgets, cost centres, interest calculations
March	Week 1	Inventory: stock items, purchase and sales orders processing, godowns Financial statements: Profit & loss account, balance sheet, bank reconciliation, debit and credit note
	Week 2	Tally audit features, printing features, management information system & different reports in tally
	Week 3	Tally audit features, printing features, management information system & different reports in tally
	Week 4	Income Tax and GST in Tally Prime, TDS, TCS
April	Week 1	Payroll In Tally: Introduction, Salary accounting, payroll masters, payroll vouchers, gratuity, provident fund, ESI, payroll reports
	Week 2	Payroll In Tally: Introduction, Salary accounting, payroll masters, payroll vouchers, gratuity, provident

		fund, ESI, payroll reports
	Week 3	Procedures to create a company, prepare a profit and loss account, prepare balance sheet, show some entries of TDS and TCS, GST entries in Tally Payroll in Tally.
	Week 4	Procedures to create a company, prepare a profit and loss account, prepare balance sheet, show some entries of TDS and TCS, GST entries in Tally Payroll in Tally.
May	Week 1	Student Presentations
	Week 2	Student Presentations
	Week 3 & Week 4	Student Presentations
